

## KEEPING YOUR REUNION GROUP ALIVE

- **Try different formats** now and again, maybe a Bible study or discussion of a book or tape.
- Occasionally plan a get together for **fun and fellowship** only.
- Always be **open to accepting new members**, until the number reaches 6-8. New additions can be a spark when the group begins to become routine.
- Remember to **share** who you really are with on another.
- If the group is not meeting your needs, change to another group.  
**Don't give up. It's time to persevere.**
- Being an active member of a reunion group is always **your choice**.
