Things I enjoyed:	I really enjoyed digging into Acts, exploring the themes and history, and learning what God is telling us through this book. The homework was engaging and not too difficult and allowed the small group members to have good conversations about the Scripture we were studying.
Things I didn't enjoy:	The study to a really long time to finish.
Would you recommend this resource? Why or why not?	I would recommend this resource as long as it is understood that it takes time to go through. You will also get more out of it if you read the Scripture and go through the study before you meet with your group.
What was the most important thing you learned?	I really enjoyed learning about the early church...their trials and how God worked in and through them.
